Educational Visit:

We will keep you updated with any planned school trips this year!

Together with friends, families and community we care for ourselves, each other, our school and our world.

Everyone has access to a broad, balanced and stimulating curriculum, whatever their gender, race, ethnicity or ability.

Achieving our best is what we aim for every day we come to school.

More independence makes better learner and helps us to become good citizens.

Parents and Guardians,

We are so impressed with how the children have settled into Year 4. The effort and determination showed by the children has been brilliant!

We hope that the children have a very enjoyable time in Year 4 and we look forward to helping them achieve their goals over the year.
